## **Oxford Elara Ceiling Lift Motor Inspection and Maintenance**

### **Course Background**

#### **Content:**

This course has been developed to specifically ensure participants improve overall product knowledge, technical capabilities and essential maintenance routines for Oxford Elara lift motors.

#### **Course aims:**

To provide comprehensive instruction for key servicing techniques for the Oxford Elara range of ceiling lifts.

#### **Who should attend?**

New and experienced engineers from authorised Oxford service providers who have the responsibility for the inspection, service and maintenance of Oxford Elara ceiling lifts.

#### **Key content:**

- Oxford Elara ceiling lift motor features and variants
- Oxford Elara ceiling lift motor inspection, maintenance and key servicing techniques.
- Pathfinder firmware for maximum SWL adjustment and historical data analysis.

#### **Duration:**

3 hours

#### **Participants:**

Max 10 attendees per session
